### 2. CHARACTER OF THE DEVELOPEMENT

A. In General. Every numbered Lot platted as a part of the Development is for residential purposes. No structure shall be erected, placed or permitted to remain upon any of said residential Lots except a Residence. No double occupancy dwelling shall be permitted on any part of the Development. All tracts of land located within the Development which have not been designated by numbering as residential building Lots in the recorded plat shall be used in a manner consistent with the zoning and use designated in the plan filed by the Developer with the Planning and Zoning Department in the City. However, the Developer reserves unto itself the right to change the character of such designated use at any time in the future by applying to the City Plan Commission and its staff for modifications of the plan, and, where necessary to apply to any other necessary governmental body for such reclassification, rezoning or variance of use needed to accommodate the Developer's planned use.

B. Additions to the Development. Developer shall have the right to bring within the scheme of this Declaration and add to the Development real estate that is contiguous to Section One. In determining contiguity, public rights of way shall not be considered. The additions authorized under this Paragraph shall be made by the filing of record of one or more Supplemental Declarations with respect to the additional real estate. For purposes of this Paragraph 2(B), a Plat depicting a portion of the Development Area shall be deemed a Supplemental Declaration.

C. Other Applicable Restrictions. All tracts of ground in the Development shall be subject to (i) the easements, restrictions, and limitations of record appearing on the recorded plat and amendments thereto of the subdivision, and (ii) recorded easements, rights-of-way, and also to all governmental zoning authority and other regulation affecting the Development, all of which are incorporated herein by reference.

D. General Easement. There is hereby created a blanket easement over, across, through and under the Tract for ingress, egress, installation, replacement, repair and maintenance of underground and overland drainage, utility and service lines and systems, including but not limited to water, sewers, gas; telephones, electricity, television, cable or communication lines and systems and ponds, basins and ditches, swales, pipes and other drainage facilities. By virtue of this easement it shall be expressly permissible for Developer or the providing utility or service company to install and maintain facilities and equipment on the Tract and to excavate for such purposes if Developer or such company restores the disturbed area as nearly as is practicable to the condition in which it was found. No sewers, electrical lines, water lines, or other utility service lines or facilities for such utilities may be installed or relocated in a Section except as proposed and approved by Developer prior to the conveyance of the first Lot in a Section to an Owner or by the Architectural Review Committee thereafter. Should any utility furnishing a service covered by the general easement herein provided request a specific easement by separate recordable document, Developer or the Association shall have the right to grant such easement on the Tract without conflicting with the terms hereof. This

## Declaration of Covenants

blanket easement shall in no way affect any other recorded easements on the Tract, shall be limited to improvements as originally constructed, and shall not cover any portion of a Lot upon which a Residence has been constructed.

### 3. RESTRICTIONS CONCERNING SIZE, PLACEMENT, MATERIALS AND MAINTENANCE OF DWELLING HOUSES AND OTHER STRUCTURES.

A. Minimum Living Space Areas. The minimum square footage of living space of dwellings constructed on various residential Lots in the Development, exclusive of porches, terraces, garages, carports, or similar facilities not remodeled and decorated for regular and continuous habitation, shall in no case contain less than 1,950 square feet. 2-story, 4-bedroom dwellings. Basements shall not be included in the computation of the minimum living area, except for that portion of a walkout basement which is finished as a living area.

B. Residential Backs and Required Yards. Unless otherwise provided in these Restrictions or on the recorded plat, all Residences and above-grade structures shall be constructed or placed on residential Lots in the Development so as to comply with the set-back lines and minimum yards, as established on the plat of the Development and in compliance with applicable zoning regulations. All Residences constructed on Lots adjacent to Wellington Estates Subdivision (to the North of the Development) shall be built on or within one foot of the 30 foot front building setback line.

The cost of each shall be the responsibility of the Builder. The Owner shall be responsible to keep each in good repair and shall not alter either with Committee approval. The Owner at all times shall keep the mailbox and dusk to dawn lighting in good repair with working light bulbs. All additional lighting and mailboxes or newspaper receptacles are subject to Committee approval prior to installation.

D. Fences. It is the goal of the Developer to keep all fencing or screening as harmonious as possible with the architectural character of the community and accordingly no fencing or screening shall be permitted in the Development without the prior consent of the Committee. No fence or screen will be approved if its installation will obstruct necessary sight lines for vehicular traffic. Undue obstruction of view or other amenities from adjoining properties will be taken into consideration by the Committee when reviewing fences for approval. Fences shall not be nearer to the front of a home than the rear foundation line of a home except decorative fences. Front fences may be placed parallel to the front foundation of a home only if they do not cause unreasonable visual barriers and they are of identical materials as the main structure. No front yard fences shall be allowed. The Committee discourages fencing of the entire back yard due to the effect that this fencing may have on the feeling of spaciousness desired by other Owners. Fences may be privately installed but must be constructed to professional levels of quality. Non-professionally installed fences will be

## Declaration of Covenants

inspected by the Committee after completion in order to ensure that the final product is of a professional quality and final approval of the fence shall be deemed withheld until successful completion of this final review. All fences shall be kept in good repair.

(i) Height Restriction. the Developer is of the opinion that the environmental integrity of the community will be materially lessened if the open nature of the community is damaged by a proliferation of fences of excessive height. The Committee, therefore, will consider rear perimeter fences only up to 6 (six) feet in height which otherwise meet these guidelines. The use of 6 foot fences around small patio areas of a backyard of a home in order to secure privacy for the immediate patio or to enclose an in-ground pool area will be permitted. The specific fence height restrictions are as follows:

A) Property fencing and walls above grade shall not exceed 6 (six) feet above grade unless otherwise approved by the Committee.

B) Patio screens/privacy fences shall not exceed 6 feet in height.

(ii) Materials and Finish.

B) Except as otherwise provided herein, the installation of a chain link or other galvanized metal fencing will not be permitted.

C) Walls above grade must be constructed of natural stone, masonry, or shadow fencing.

(iii) Approval. The exact location, material, color and height of the fence shall be submitted to the Committee for written approval prior to construction.

E. Sidewalks. Each home shall have a continuous concrete or brick sidewalk from the driveway to the front porch. In addition, each Lot shall be serviced by a 4' concrete walk parallel to the street on all portions of the Lot with street frontage; provided, however that such front sidewalk width shall be 5' for each Lot fronting on a street with direct access to 146th Street or Allisonville Road. Children's play equipment such as sandboxes, temporary swimming pools having a depth less than 24 inches, swing and slide sets, playhouses and tents shall not require approval by the Committee, provided such equipment is not more than six (6) feet high and is maintained by the Lot owner in good repair (including painting). Equipment higher than six (6) feet shall require approval of the design, location, color, material and use by the Committee.

In determining the amount, the Board shall take into consideration the expected useful life of the Common Area, projected increases in the cost of materials and labor, interest to be earned by such fund and the advice of Developer or such consultants as the Board may employ.

E. Limitations on Action by the Association. Unless the Class B Member and at least two-thirds of the Class A members have given their prior written approval, the Association, the Board of Directors and the Owners may not: (i) by act or omission seek to abandon, partition, subdivide, encumber, sell or transfer the Common Area (but the granting of easements for public utilities or other public purposes consistent with the intended use of the Common Area shall not be deemed a transfer for the purposes of this clause); (ii) fail to maintain fire and extended coverage on insurable Common Area on a current replacement cost basis in an amount at least one hundred percent (100%) of the insurable value (based on current replacement cost);

## Declaration of Covenants

(iii) use hazard insurance proceeds for losses to any Common Area for other than the repair, replacement or reconstruction of the Common Area; (iv) change the method of determining the obligations, assessments, dues or other charges that may be levied against the Owner of a Residence; (v) by act or omission change, waive or abandon any scheme of regulations or thru enforcement pertaining to the architectural design or the exterior appearance of Residences, or the maintenance and up-keep of the Common Area; or (vi) fail to maintain the Reserve for Replacements in the amount required by this Declaration.

F. Termination of Class B Ownership. Wherever in this Declaration the consent, approval or vote of the Class B member is required, such requirement shall cease at such time as the Class B membership terminates, but no such termination shall affect the rights and powers of Developer set forth in Paragraphs 16 and 17.

### 10. ASSESSMENTS.

A. Creation of the Lien and Personal Obligation of Assessments. Developer hereby covenants, and each Owner of any Lot by acceptance of a deed thereto, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association the following: (1) General Assessments, and (2) Special Assessments, such Assessments to be established and collected as hereinafter provided.

All Assessments together with interest thereon and costs of collection thereof, and all other charges payable by a Lot Owner hereunder, shall be a charge and lien on the land and shall be a continuing lien upon the Lot against which each Assessment or other charges or other charges is made until paid in full. Each Assessment, together with interest thereon and costs of collection thereof, and all other payable by a Lot Owner hereunder, shall also be the personal obligation of the Person who was the Owner of the Lot at the time when the Assessment or other charges became due.

#### B. General Assessment. Commencement.

(i) The initial annual assessment provided for herein shall be \$300.00 per year and shall commence for each Lot on the date of conveyance by the Developer to the Owner by deed or on the date the Owner signs a land contract to purchase a Lot; provided, however, for a period of time ending on the earlier to occur of (i) twelve (12) months from the date of closing of the purchase of a Lot from Developer by a Builder, or (ii) the date the Lot is acquired by an Owner from a Builder as such Owner's residence, Builder as Owner of such Lot shall not be required to pay any such assessments. Builder has agreed that at the closing of the sale of each Lot from Builder to a third party, Builder shall require such third party to pay to the Homeowners' Association, as a condition of such closing, (i) a prorated portion of all assessments (as set forth in the Declaration) against the Lot for the balance of the fiscal year of the Association during which closing occurs, and (ii) such other amounts required by the Declaration. The Board of Directors shall fix any increase in the amount of the annual

## Declaration of Covenants

assessment at least thirty (30) days in advance of the effective date of such increase. Written notice of special assessments and such other assessment notices as the Board of Directors shall deem appropriate shall be sent to every owner subject thereto. The due dates for all assessments shall be established by the Board of Directors: however, the initial due date for annual assessments shall be January 31 (with initial purchases of Lots from the Builder paying a pro rata share of the closing year's assessment at closing).

(ii) Purpose of Assessment. The General Assessment levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the Owners of Lots and for the improvement, maintenance and operation of the Common Area, including but not limited to, lawn care and mowing, landscape maintenance and retention pond and surrounding area maintenance.

(iii) Basis for Assessment.

A) Lots Generally. Subject to Paragraph 10(b)(i) above, each Lot owned by a Person other than Developer shall be assessed at a uniform rate without regard to whether a Residence has been constructed upon the Lot.

B) Lots Owned by Developer. No Lot owned by Developer shall be assessed by the Association except such Lots as have been improved by the construction thereon of Residences which shall be subject to assessment as provided in Clause (i) above.

C) Change in Basis. The basis for assessment may be changed with the consent of the Class B member and of two-thirds (2/3) of the Class A members who are Voting in person or by proxy at a meeting of such members duly called for this purpose.

(iv) Method of Assessment. By a vote of a majority of the Directors, the Board of Directors shall, on the basis specified in subparagraph (iii), fix the General Assessment for each assessment year, of the Association at an amount sufficient to meet the obligations imposed by this Declaration upon the Association. The Board of Directors shall establish the date(s) the General Assessment shall become due, and the manner in which it shall be paid.

C. Special Assessment. In addition to such other Special Assessments as may be authorized herein, the Association may levy in any fiscal year a Special Assessment applicable to that year and not more than the next four (4) succeeding fiscal years for the purpose of defraying, in whole or in part the costs of any construction, repair, or replacement of a capital improvement upon the Common Area, including fixtures and personal property relating thereto, provided that any such Assessment shall have the consent of the Class B member and of a two-thirds (2/3) of the votes of the Class A members who are voting in person or by proxy at a meeting of such members duly called for this purpose.

## Declaration of Covenants

D. Effect of Nonpayment of Assessments; Remedies of the Association. Any Assessment not paid within thirty (30) days after the due date shall bear interest from the due date at ten percent (10%) per annum. The Association shall be entitled to institute in any court of competent jurisdiction any lawful action to collect a delinquent Assessment plus any expenses or costs, including attorneys' fees, incurred by the Association in collecting such Assessment. If the Association has provided for collection of any Assessment in installments, upon default in the payment of any one or more installments, the Association may accelerate payment and declare the entire balance of said Assessment due and payable in full. No Owner may waive or otherwise escape liability for the Assessments provided, for herein by non-use of the Common Area or abandonment of his Lot.

E. Subordination of the Lien of Mortgages. The lien of the Assessments provided for herein against a Lot shall be subordinate to the lien of any recorded first mortgage covering such Lot and to any valid tax or special assessment lien on such Lot in favor of any governmental taxing or assessing authority. Sale or transfer of any Lot shall not affect the lien of Assessments and other charges arising hereunder. The sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof shall, however, extinguish the lien of such Assessments as to payments which became due more than six (6) months prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any Assessments thereafter becoming due or from the lien thereof.

F. Certificates. The Association shall, upon demand by an Owner, at any time, furnish a certificate in writing signed by an officer of the Association that the Assessments on a Lot have been paid or that certain Assessments remain unpaid, as the case may be.

G. Annual Budget. By a majority vote of the Directors, the Board of Directors shall adopt an annual budget for the subsequent fiscal year, which shall provide for allocation of expenses in such a manner that the obligations imposed by this Declaration and all Supplemental Declarations will be met.

H. Suspension of Privileges of Membership. Notwithstanding any other provision contained herein, the Board of Directors of the Association shall have the right to suspend the voting rights, if any, and the Services to be provided by the Association together with the right to use the facilities of the Association on Common Areas, of any member (i) for any period during which any of the Association's charges or any fines assessed under this Declaration owed by the Member remains unpaid, (ii) during the period of any continuing violation of this Declaration after the existence of the violation shall have been declared by the Board of Directors of the Association; and (iii) during the period of any violation of the Articles of Incorporation, By-Laws, or regulations of the Association.

I. Limitations on Rights of the Association. As long as there is a Class B Member, the Association may not use its resources nor take a public position in opposition to future phases of the Development proposed by the Developer or changes to current phases of the

## Declaration of Covenants

Development proposed by the Developer. Nothing in this paragraph shall be construed to limit the rights of the Owners acting as individuals or in affiliation with other Owners acting as individuals or in affiliation with other Owners or groups as long as they do not employ the resources of the Association or identify themselves as acting in the name, or on the behalf, of the Association.

### 11. REMEDIES.

A. In General. The Association or any party to whose benefit this Declaration inures, including the Developer, may proceed at law or in equity to prevent the occurrence or continuation of any violation of this Declaration, or to force compliance with this Declaration, together with the right to collect costs and reasonable attorney's fees, but neither the Developer nor the Association shall be liable for damages of any kind to any person for failing either to abide by, enforce, or carry out any provisions of this Declaration.

B. Delay or Failure to Enforce. No delay or failure on the part of my aggrieved party to invoke any available remedy with respect to a violation of any one or more provisions of this Declaration shall be held to be a waiver by that party (or an estoppel of that Person to assert) of any right available to him upon the occurrence, reoccurrence or continuation of such violation or violations of this Declaration.

C. Enforcement by City of Noblesville Plan Commission. This Declaration may be enforced by the Plan Commission of the City of Noblesville, Indiana, or its successors or assigns, pursuant to whatever powers or procedures are statutorily available to it for such purposes.

### 12. EFFECT OF BECOMING AN OWNER.

The Owners of any Lot subject to this Declaration by acceptance of a deed conveying title thereto, or the execution of a contract for the purchase thereof, whether from the Developer or a subsequent Owner of such Lot, shall accept such deed and execute such contract subject to each and every Restriction and agreement herein contained. By acceptance of such deed on execution of such contract, the Owner acknowledges the rights and powers of the Developer, Committee and of the Association with respect to this Declaration, and also, for themselves, their heirs, personal representatives, successors and assigns, such owners covenant and agree and consent to and with the Developer, Committee and the Association and to and with the Owners and subsequent Owners of each of the Lots affected by this Declaration to keep observe, comply with and perform such Restrictions and agreements.

### 13. TITLES.

any provision of this Declaration. Wherever and whenever applicable, the singular form of any word shall be taken to mean or apply to the plural, and the masculine form shall be taken to mean or apply to the feminine or to the neuter.

### 14. DURATION.

The foregoing Restrictions are to run with the land and shall be binding on all parties and all persons claiming under them until January 1, 2030, at which time said Restrictions shall be automatically extended for successive periods of ten (10) years, unless changed in whole or in part by vote of those persons who are then the Owners of seventy-five percent (75%) of the number of Lots in the Development.

### 15. SEVERABILITY.

Every one of the Restrictions is hereby declared to be independent of and severable from the rest of the Restrictions and of and from every other one of the Restrictions and of said from every combination of the Restrictions. Therefore, if any of the Restrictions shall be held to be invalid or to be unenforceable, or to lack the quality of running with the land, that holding shall be without effect upon the validity, enforceability, or "running" quality of any other one of the Restrictions.

### 16. AMENDMENT.

A. Generally. This Declaration may be amended at any time by an instrument signed by (i) the appropriate officers of the Association acting pursuant to the authority granted by not less than two-thirds (2/3) of the votes of the Class A members cast at a meeting duly called for the purpose of amending this Declaration and, (ii) to the extent required by Paragraph 17, the Developer.

B. By Developer. Developer hereby reserves the right unilaterally to amend and revise the standards, covenants and restrictions contained in this Declaration during the period prior to December 31, 2010. Such amendments shall be in writing, executed by Developer, and recorded with the Recorder of Hamilton County, Indiana. No such amendment, however, shall restrict or diminish the rights or increase or expand the obligations of Owners with respect to 10 Lots conveyed to such Owners prior to the amendment or adversely affect the rights and interests of mortgagees holding first mortgages on Residences at the time of such amendment. Developer shall give notice in writing, to such Owners of any amendments. Except to the extent authorized in Paragraph 2(D), Developer shall not have the right at any time by amendment of this Declaration to grant or establish any easement through, across or over any Lot which Developer has previously conveyed without the consent of the Owner of such Lot.

C. Effective Date. Any amendment shall become effective upon its recordation in the Office of the Recorder of Hamilton County, Indiana.

18. NON-LIABILITY OF DEVELOPER. Developer shall not have any liability to an Owner or to any other Person with respect to drainage on, over or under a Lot. Such drainage shall be the responsibility of the Owner of the Lot upon which a Residence is constructed and of the builder of such Residence. An Owner, by an acceptance of a deed to a Lot, shall be deemed to agree to indemnify and hold Developer free and harmless from and against any and all liability arising from, related to, or in connection with drainage on, over and under the Lot described in such deed. Developer shall have no duties, obligations or liabilities hereunder except such as are expressly assumed by Developer and no duty of, or warranty by, Developer shall be implied by or inferred from any term or provision of this Declaration.
